

Description

The FDNY Firebox has been seen dotting the streets of New York City for decades. This faceplate upgrade kit packs the same wireless features as the Blue Light Tower and E-Phone models, just in a charming old-fashioned style.

Faceplate Features:

- › 3G Voice-to-Voice Calling
- › Self-Monitoring Maintenance System
- › One-Touch Calling (Multi-button option available)
- › Solar Powered with Battery Backup (AC option available)
- › 3 Mounting Options: Post, Pedestal, and Decorative.
- › Compatible with Gamewell Housings
